

Information and Reminders

Next year

If you have not already seen it, please look out for the letter sent out earlier this week outlining class and teacher arrangements for next year.

Sports Day: Thursday 4th July

Weather permitting, this will go ahead as planned. We will be holding 'round robin' Olympic themed team activities in the morning (9.30am to 11.30am). The individual races will be held in the afternoon (1.15pm to 3.15pm). Parents and visitors are welcome to attend both the morning and afternoon events but, unfortunately, we must ask them to leave the premises over the lunchtime break. Those attending should make their way to the school field via the community playground. If you would like to take your child home straight from Sports day at the end of the day please inform the teacher before leaving—thank you.

Children should know their team colours but, if you have any queries, please ask your child's class teacher.

There will also be an end of day whole school race to fund-raise for Rota Kids. There 'may well' be some water involved in this! We would appreciate your donations on the day if at all possible.

A reminder that the PTA are holding a 'Parisian Styled' Café Takeaway outside school in the morning, before Sports Day begins.

In the afternoon, they will be selling ice-creams at the end of the Sports day to continue the European Olympic vibe!

Both these stalls will be cash only—thank you.

Roulette style video /chat apps

Chat roulette style apps work by pairing people together anonymously to chat (and video chat) to each other. Due to the anonymous nature of these apps, we would always recommend that they are not suitable for under 18s.

There is often a lot of inappropriate content and behaviour on these apps and your child is at risk of grooming as a stranger may try to connect with your child initially on an anonymous app and then encourage them to continue chatting on another app.

It is also important that your child is aware that what they say and do whilst video chatting can be recorded and shared later without their knowledge.

You should talk to your child about who they chat with and what they are sharing when they do. As with all apps and websites that your child accesses, make sure they know how to use any reporting tools and they know how to block other users if necessary.

The NSPCC discuss chat apps in general as well as how to talk to your child about what they are sharing with others online here:

<https://www.nspcc.org.uk/keeping-children-safe/online-safety/social-media/chat-apps/>

CapCut

Have you heard of CapCut? It is owned by the same owners as TikTok and is a video editing app. CapCut state that their services are intended for those over the age of 13 and those under the age of 18 must have consent from their parent/legal guardian. It is rated as 12+ on the App store. The App store have rated it as this because of *Infrequent/Mild Mature/Suggestive Themes, Infrequent/Mild Sexual Content and Nudity*.

What can I do on CapCut?

CapCut is used as a video and image editing tool allowing users to edit their videos/images as well as add music, sound effects, text and stickers.

What should I be aware of?

- The templates are user generated, therefore they may not always be appropriate for your child to view, for example adult themes.
- CapCut includes access to a library of music that can be used within videos that may include explicit lyrics.
- Premium content – CapCut does include in-app purchases/monthly subscriptions allowing users access to premium content.

Harmful Online Challenges

Lisa Kenevan and Hollie Dance both lost their sons to dangerous online challenges. They share their advice and tips with Internet Matters to help protect children from harmful online challenges. Internet Matters have also included links to further resources regarding online challenges at the below link:

<https://www.internetmatters.org/hub/parent-stories/tips-protect-children-harmful-online-challenges/>

Being unkind online

It can be very easy online for children to behave in a way that they would not if they were face to face with each other.

Talk to your child about how they speak to others online and encourage them to talk to people online with respect and kindness, like they would if they were face-to-face. How they act online should be how they behave on the school playground when they are following school rules. Here are some examples of what being unkind looks like online:

- Sending nasty or hurtful messages
- Leaving unkind comments
- Sharing photographs of somebody else without their permission
- Excluding somebody on purpose
- Impersonating somebody with a fake account
- Telling/sharing lies

The above might happen whilst your child is gaming online or whilst using social media or messaging apps for example.

What should I do if my child is being bullied online?

Ensure that your child understands that if they receive unkind messages or see something that worries them, they should not reply or engage in conversation with the perpetrator. Instead, they should tell a trusted adult. You can use the tools within an app to report any offensive or hurtful content as well as block people so they cannot contact them again in the future.

Starting a conversation with your child

BBC Own It have curated a selection of videos and quizzes with ideas and advice to help make the web a kinder place. You could use these to help you start a conversation with your child.

Using Arbor and

Booking and Billing of Breakfast and After School Club, Trips etc

We use a Management Information System called **Arbor** that also enables us to message parents and book and pay for clubs and trips etc. Arbor runs through a parent App. We ask that you download the App onto your mobile device ASAP. Parents have found from experience it is better to register via a computer before using the App

On the next page you will find instruction links that will give you information about how to download the app and use Arbor. You can check some of your child's details and book clubs etc. Also you can message school via the App or by email. Due to the costs of texts, they will rarely be used, we will use the Arbor App for most communications.

Once you have downloaded the Arbor Parent App please check your child/ren's record and update any areas that are incorrect. The changes you make will not be seen instantly by yourselves as they have to be accepted by school admin. However, it will make it easier for you to alert us of any changes in address, phone number, medical conditions etc in the future.

For Clubs, you will only be able to book if you have funds in your child's club account unless you pay by childcare voucher (please inform Mrs McDonough if this is the case). We will still be able to add on last minute additions to most clubs and clubs are closed 2 hours (1 hour for Breakfast Club) before the session starts. For those that pay by childcare voucher, if you do not see this option available (we have to do it manually for every club) then please let Mrs McDonough know.

Please Note: For After School Club, just as with the current system, you will still be charged for 1 hour if you have booked your child a place and not remembered to cancel the session despite them not attending.

For those who do not have access to a mobile device, Arbor is accessed through <https://login.arbor.sc/>

Arbor does not allow you to alert us of any child absences. For that, the easiest way is via the Studybugs App <https://studybugs.com/about/parents> or calling school directly 01228 670491.

If you have any queries or any problems, please contact Mrs McDonough office@hayton.cumbria.sch.uk

Instructions on how to use Arbor can be found using the links below:
